17 February 2011

Ms Regine Regel  
QA Manager  
HD Scientific Supplies Pty Ltd  
OP Box 6685  
WETHERILL PARK NSW 1851

Dear Ms Regel

I refer to your advice regarding the status of your Quality System as certified by NCS International Pty Ltd.

Details of your compliance to **AS/NZS ISO 9001:2008** at **Hassall Street, Wetherill Park (NSW)** have been entered in the Queensland Government Register of Quality Assured Suppliers.

Your Registration Number is **6343**, and entry in this register is at no cost to you.

Your registration is site specific and valid until **31 January 2014** subject to you maintaining your Quality System.

It is a condition of registration that you advise this Unit of any changes in senior management, business address, or any significant changes to operational processes within the organisation.

When tendering for government business you should include with your tender documents a copy of your Third Party Certificate and, if you so choose, a copy of this letter.

I trust your company will continue to benefit from the results of the work you have put into implementing your quality management system.

Yours faithfully

**Leah Walker**  
**A/Project Manager, Procurement Services**  
**Queensland Government Chief Procurement Office**
