Centrifuge Special Offer

(While Stocks Last)

Mikro 120 Smart Runner
Cat No HE 1204

24 Place 2ml Rotor
Cat No HE 1224

Mikro 200 Cool Sprinter
Cat No HE 2400

24 Place 2ml Rotor
Cat No HE 2424

30 Place 0.5ml Rotor
Cat No HE 2430

Mikro 120 - Smart Runner Compact Microlitre Centrifuge

- Small footprint (around A4 Page) taking up less bench space
- Quiet operation, less noise in the laboratory
- Fast run up and run down times ensuring rapid turn around of specimens
- Range of rotors and adapters to suit your needs
- Many safety features including lid locking, emergency lid lock release, motor overheat protection and imbalance switch off

Regular Price for centrifuge HE 1204 and rotor HE 1224 - \$2,820.00

Special Price at \$2,425.00

Mikro 200 – Cool Sprinter Amongst the Fastest Microlitre Centrifuges in its Category

- Automatic lid locking to extend the life of the hinges and lid lock mechanism
- Versatile; centrifuging microlitre tubes, cryo tubes and PCR strips
- Autoclavable bio-containment lids available for the safe handling of hazardous and infectious materials
- Bio-containment rotors can be removed. Sealed for safe opening in a bio-hazard cabinet

Regular Price for centrifuge HE 2400 with 24 place rotor HE 2424 - \$3,810.00

Special Price with 24 place rotor HE 2424 - \$3,275.00

Regular Price for centrifuge HE 2400 with 30 place rotor HE 2430 - \$4,100.00

Special Price with 30 place rotor HE 2430 - \$3,525.00

Universal 320
Cat No HE 1401

8 Place Swing
Out Rotor for
Falcon Tubes
Cat No HE 1617

Microtitre Plate
Rotor and Carriers
Cat No HE 1460

Universal 320 – Benchtop Centrifuge

- A comprehensive range of accessories enables almost any centrifuging task to be performed
- Powerful induction motor enables a RCF (G Force) of up to 21,382 for quick sample separation
- Easily exchangeable rotors with automatic rotor recognition enables the centrifuge to be readily configured to different tasks
- Lid dropping protection which helps protect the hinges and locking mechanism
- Swing out rotor HE 1617 will accept 8 x 50ml Falcon Tubes or 8 x 15ml Falcon Tubes (requires adapters)
- Swing out rotor HE 1460 & HE 1453 enables a wide range of microtitre plates to be centrifuged including “deep well” and “Qiagen” plates

Regular Price for centrifuge HE 1401 with 8 place swing out rotor HE 1617 - \$6,980.00

Special Price with 8 place swing out rotor HE 1617 - \$5,574.00

Regular Price for centrifuge HE 1401 with swing out microtitre plate and carrier HE 1460 and holder HE 1453 - \$8,919.00

Special Price with rotor HE 1460 and holders HE 1453 - \$7,670.00

Rotina 35R – High Performance Refrigerated Bench Top Centrifuge

- Free Rotor HE 1717 for 10 x 50ml Falcon Tubes. Adapters for 15ml Falcon Tubes available
- Fast “run up” and “run down” time for quick specimen turnaround
- Powerful refrigeration system giving fast cooling times
-

Regular Price for Centrifuge and Rotor \$10,517.00

One Only At \$7,996.00

Rotanta 460 - Cat No HE 5600
4 Place Rotor - Cat No HE 5624
Buckets, rectangular - Cat No HE 5628
Insert 15ml Falcon - Cat No HE 6337A
Insert 50ml Falcon - Cat No HE 6338A
Lid Adapting Frame -Cat No HE 5220A
Lid for Bio-containment - Cat HE 5629

4 Place Rotor – HE 5624

Spin any microtitre, deep well or culture plate as well as up to 56 Falcon tubes – all this in the one Rotor and bucket combination.

Rotanta 460 – Large Versatile Benchtop Centrifuge

- Swing out rotor, 4 place with aerosol tight buckets and lids for the safe handling of bio-hazardous materials
- Carriers to hold a range of types of Microtitre Plates. Capacity:- 24 standard 96 well plates
- Bucket adapters for 56 x 15ml “Falcon” tubes and 24 x 50ml “Falcon” tubes
- An extensive range of other rotors/buckets and adapters are available to meet your requirements
- Nine acceleration and braking speeds enabling the shortest possible run-up or run-down times
- Controlled acceleration/braking ensures excellent separations.

Regular Price for centrifuge HE 5600 with 4 place rotor HE 5624 - \$22,880.00

Special Price with 4 place rotor HE 5624 - \$19,675.00
